Follow the paths of old-time forest rangers from Ahonokka to the magnificent Kyynäränharju esker that divides Lake Liesjärvi and enjoy the landscapes of Häme at their best. In summer, you can travel back in time on Korteniemi Heritage Farm. Take part in farmhouse chores, admire the sheep or lie down in a hay field, relax and watch the clouds drift by.

### Valuable nature and versatile services

Liesjärvi National Park is a realm of sturdy spruce forests, light-filled lingonberry heaths, eskers and stunning lake landscapes. Lake Liesjärvi, from which the National Park derives its name, is not part of the actual park but its lush shoreline forests and beautiful islands add significantly to the natural values of the area. The top attractions are Kyynäränharju esker, Ahonokka old-growth forest and Korteniemi Heritage Farm.

In Liesjärvi, hikers can enjoy the park's versatile services. The campfire sites of the park, or Peukaloinen lean-to shelter, Kaksvetinen hut and Savilahti camping area, can be used freely by all hikers. The accessible cooking shelter of Tittilampi and two charming huts, Peukaloinen and Hyypiö, can be reserved.

The National Park has around 30 kilometres of trails, which are part of Hämeen Ilvesreitti trail

network. The circle trails of Pohjantikka (5 km) and Puna-tulkku (3.1 km) as well as Ahonokka nature trail (1.3 km) start behind the threshing shed of Korteniemi Heritage Farm. The accessible Peukaloisen polku trail (4 km) starts from Peukalolamminkangas (4 km). Circle trails can also be found in other parts of the park. Along the trails hikers can enjoy the diverse nature of the National Park. Lake Liesjärvi's sandy shores invite you to swim, and in the autumn you can find berries and fungi in the forest.

The National Park's partner companies offer guidance and catering services as well as equipment rentals and many types of accommodation: [www.nationalparks.fi/liesjarvinp/services/partners](http://www.nationalparks.fi/liesjarvinp/services/partners)

### Korteniemi Heritage Farm

Korteniemi Heritage Farm is located in the southern corner of the National Park. The surroundings of the old forest ranger's farm bring you back to

times past. The farm buildings have stood in their places for more than a hundred years. A rooster struts in the farmyard with his hens, and cows and sheep graze in the meadows. In summer, you can take part in events, guided tours or farm work in 1910s style. The old smoke sauna is large enough for even a bigger group to relax in its gentle heat. While access to the farm is free, a fee is charged for guided tours and bathing in the smoke sauna, and these services must be booked in advance.
