Muikkupuron mutka

Accessible Trail in Hossa National Park

The area around Muikkupuro is one of the most beautiful in Hossa, combining sandy heaths and clear waters typical of the park. An easy trail suitable for wheelchairs or buggies.

The area around the enchanting Muikkupuro stream is one of the most beautiful in Hossa. The lean-to shelter is located between two lakes with clear waters, which are connected by the stream flowing past the shelter. The sandy-bottomed waters entice you to wade. The shallow stream is a safe place for even the youngest children to cool their toes. The trail through the eskers with tall pines is ideal for hiking in the

snow-free season. This trail is accessible and thus also suitable for wheelchairs or buggies. However, visitors should be prepared for the many uphill and downhill sections of the trail. The Muikkupuro trail will treat you to sights typical of Hossa National Park: tall, orange-barked pines, incredibly clear water, lush greenery, round sandy eskers and silvery deadwood.

OPEN: Available when the ground is unfrozen. There is no winter maintenance on the trail.

TRAVEL TIME: About 2 h by wheelchair, 1 h by foot.

CHALLENGE LEVEL: An easy hiking trail also suitable for young children and buggies. For wheelchair users the trail is challenging, and an assistant is needed. The trail surfaced with rock dust is smooth but contains uphill and downhill sections.

START AND FINISH: Hossalaislammet parking area.

MARKING OF THE TRAIL: Red paint signs.

EQUIPMENT: On an easy trail, you will be fine in runners, sandals or sneakers. Dress for the weather and bring additional clothing, a picnic and a drink if necessary as well as a map, a phone, a first aid kit and a rubbish bag. To light a fire: matches and a knife. Bring your own toilet paper.

SAFETY:

- In case of emergency, call 112.
