Good to know

The trail is suitable for everyone, including people with reduced mobility and people with prams. The accessible trail is easy for people on foot, but due to its steepness it is demanding for wheelchairs and requires someone to assist with wheelchairs. The hut by Lake Harjujärvi provides an excellent opportunity to enjoy some snacks with its campfire and accessible outhouse. However, lighting a campfire is not allowed if a forest fire warning is in effect. Please remember to take your trash with you when visiting a national park.
