TEERIVAARA TRAIL 4.5 KM

Trail guide

TRAIL DESCRIPTION:

Teerivaara trail starts from the Syöte visitor center and is accessible during all seasons. Beginning and end of the trail goes along the same path (500 m) and the circular trail leads across both peaks of Teerivaara hill. The shorter trail along southern slope leads to Teerivaara Day Trip Hut and is less challenging when compared to the trail going around northern slopes. The northern part of the trail has some challenging, rocky terrain and plenty of variation in altitude.

In summertime the trail acts as a hiking trail and during winter as a snowshoe trail.

The trail is marked with yellow trail markings.

GOOD TO KNOW:

- pets are welcome on the route and in the hut. Please remember to keep your animal friends on leash at all times.
- there is no waste management at the rest stop, so please remember to 'Leave No Trace'.
- the dry toilets do not include any toilet paper
- there are no water sources along the route
- during forest fire warning making an open fire is absolutely forbidden
