

Nature Trail

Kivitunturi

Kivitunturi offers maybe one of the most beautiful day hikes in Finland. This trail will show you Eastern Lappish nature diversely: traces of the ice age, stony ridges, spruce forests, dells with small streams and beautiful landscapes.

Welcome to the wonderful sceneries of Savukoski

At Kivitunturi Nature Trail you can walk the 5.9 km short trail (which is marked on trees with red) or the 9.5 km long trail via Sotsonportti (marked on trees with yellow). Along the trail there are stairs, bridges, rest areas and information boards about the nature and geology of Kivitunturi.

The best places for a picnic break are Äitipetäjänlampi lean-to shelter and Sotsonportti cooking shelter. The short trail of the Kivitunturi Nature Trail is moderately difficult due rocky

sections and stairs. The long trail is demanding due to long stairs and steep terrain. Shoes with ankle support will help you on the rocky trails.

Trail starting point

The Kivitunturi Nature Trail is located 14 km from Savukoski village, of which about 10 km is a gravel road. The parking area has space for about 15–20 cars.

There is a hut close to the starting point, which can be rented.

The stoat, Alpine Bearberry and Crowberry.

Hiking and Protecting Nature

- Respect nature and take other hikers into consideration.
- Make a fire only on designated fireplaces. Open fire is prohibited if the forest fire warning is in effect.
- Remember outdoor etiquette. There are no litter bins in Kivitunturi, carry your rubbish back with you.
- You can pick berries and mushrooms, but not stones or plants. Do not disturb animals.
- Keep the pets on a leash.
- Bring your own toilet paper.
- Driving motor vehicles outside official roads is prohibited.
